

summer STAR

Cut from white fabric:

- (4) $2 \frac{7}{8}$ squares, subcut diagonally once to make (8) small white triangles.
- (2) $5 \frac{1}{4}$ squares, subcut diagonally twice to make (8) large white triangles.

Cut from green fabric:

- (8) $2 \frac{1}{2}$ " squares
- (1) $5 \frac{1}{4}$ " square, subcut diagonally twice to make 4 large triangles.

Cut from yellow fabric:

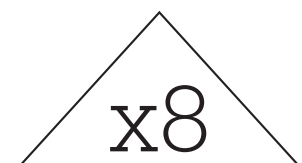

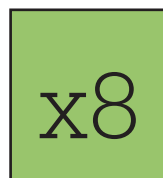

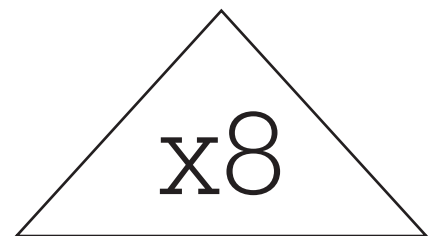

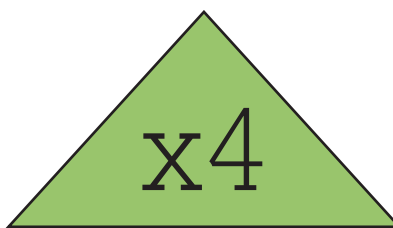

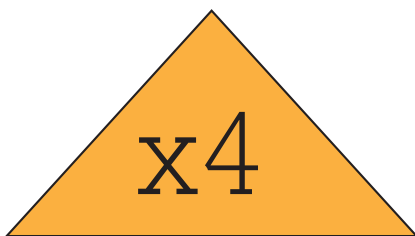

- (1) $5 \frac{1}{4}$ " square, subcut diagonally twice to make 4 large triangles.
- (4) $2 \frac{7}{8}$ " squares, subcut diagonally once to make 8 small triangles.

Cut from various colored fabrics:

Enough scraps (at least $\frac{3}{4}$ " wide) to make a $4 \frac{1}{2}$ " log cabin block.

PRAIRIE GRASS
patterns

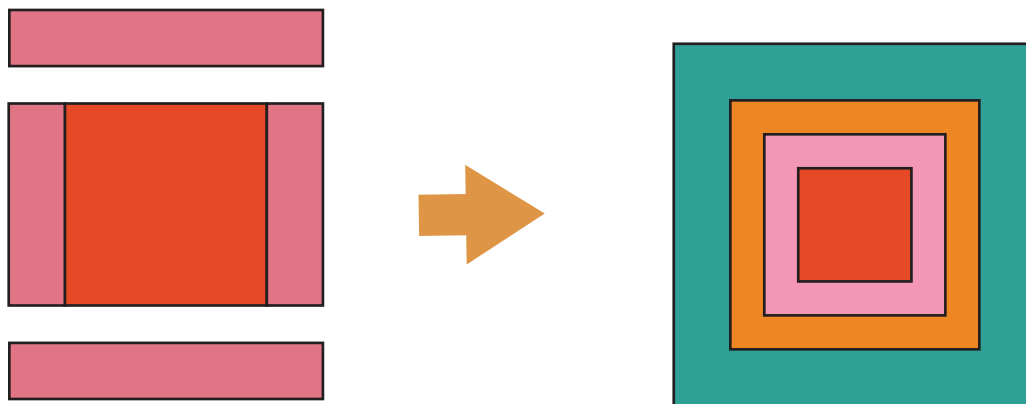

An original block by April Rosenthal of Prairie Grass Patterns.

<http://www.aprilrosenthal.com>

Make (1) 4½" log cabin block for the center.

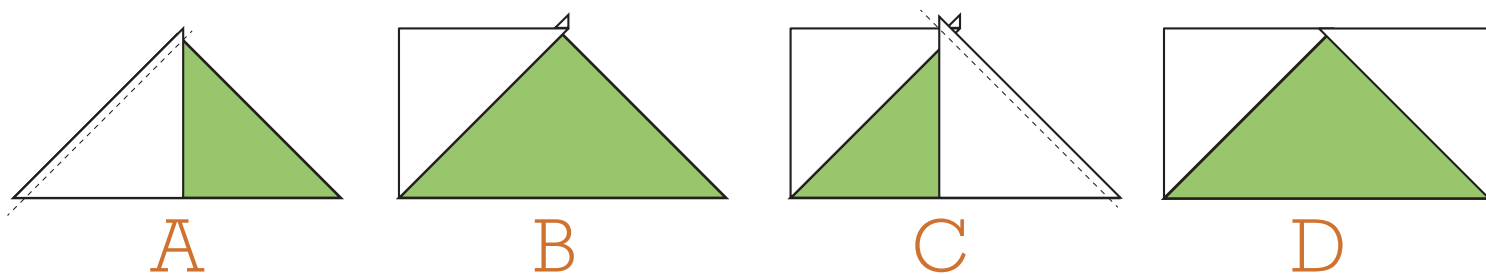

Make a log cabin block by starting with a square, at least 1½". Sew a strip of fabric to opposite sides, pressing toward strip. Trim edges to the strips even with the edges of the square. Sew two more strips to the other two sides. Press toward strips. Square up. Repeat with additional strips until the block reaches the desired size.

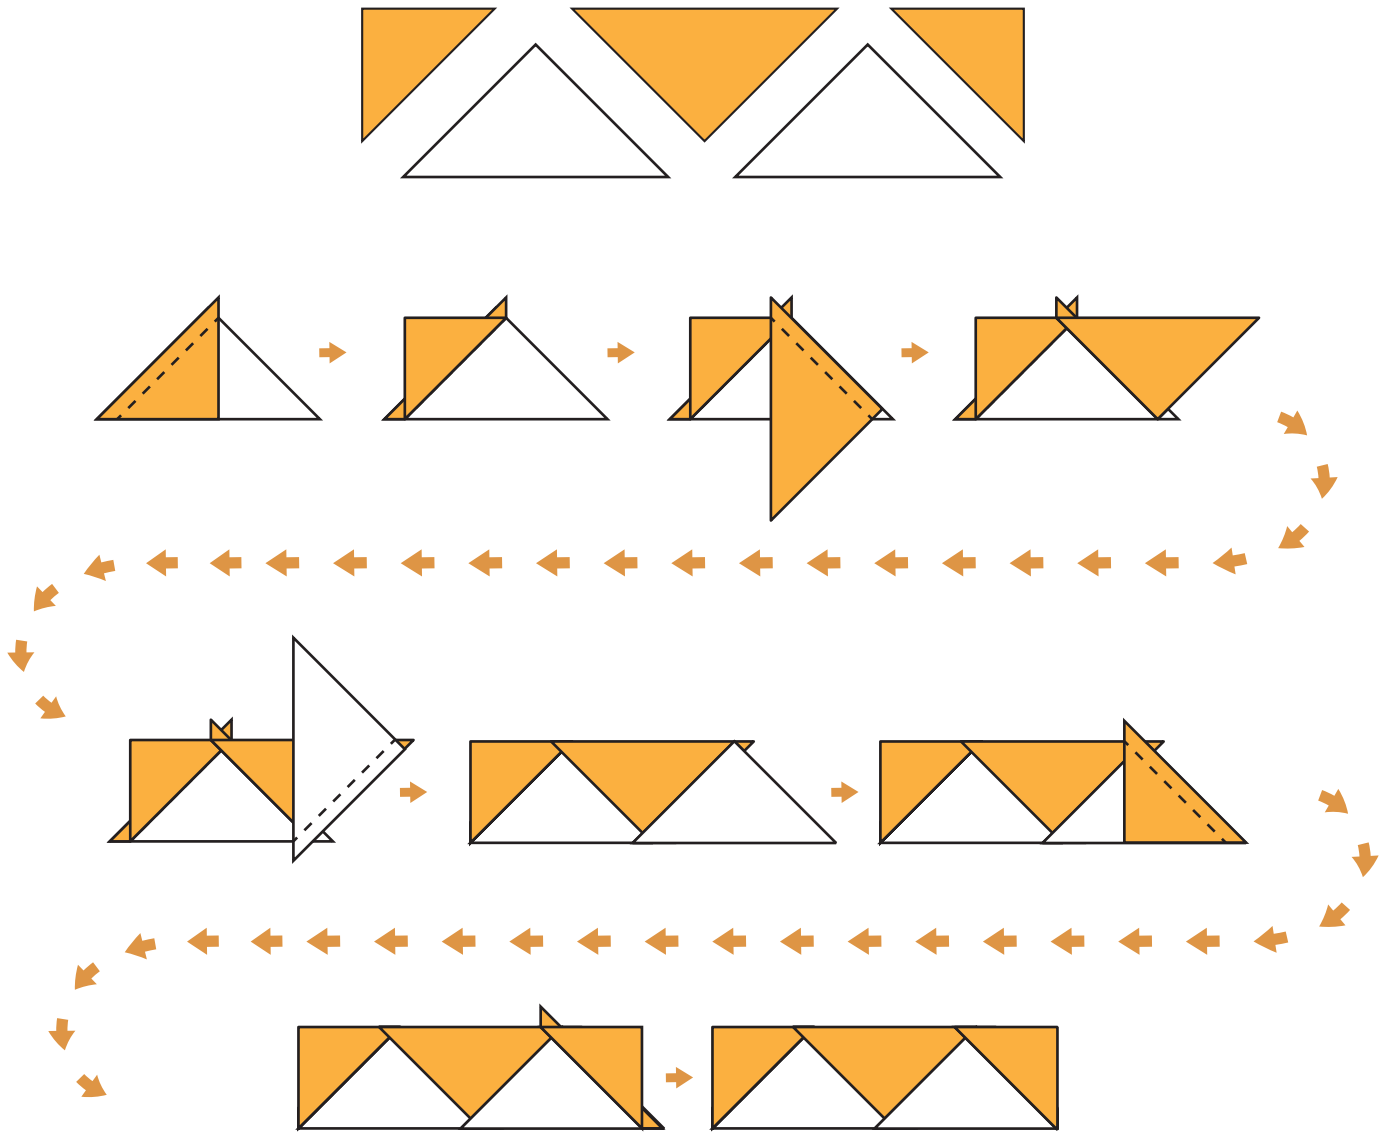

Make (4) green and white flying geese.

When making flying geese, pay attention that you don't stretch and warp the triangles you are working with. To align triangles correctly, make sure the bottom edges match up, and that the end of your seam hits precisely where the two triangles meet, as shown. (A)

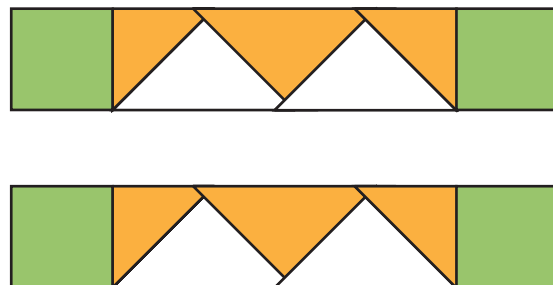

Using a SCANT ¼" seam, sew (1) small triangle to (1) large triangle (A), press toward small triangle (B). Sew another small triangle to other side of large triangle (C). Press toward small triangle (D). Trim those little points off at the top.

To make each yellow and white edge strip , use 2 large white triangles, 2 small yellow triangles, and one large yellow triangle. Stitch each strip together by aligning as shown. Press gently to avoid warping.

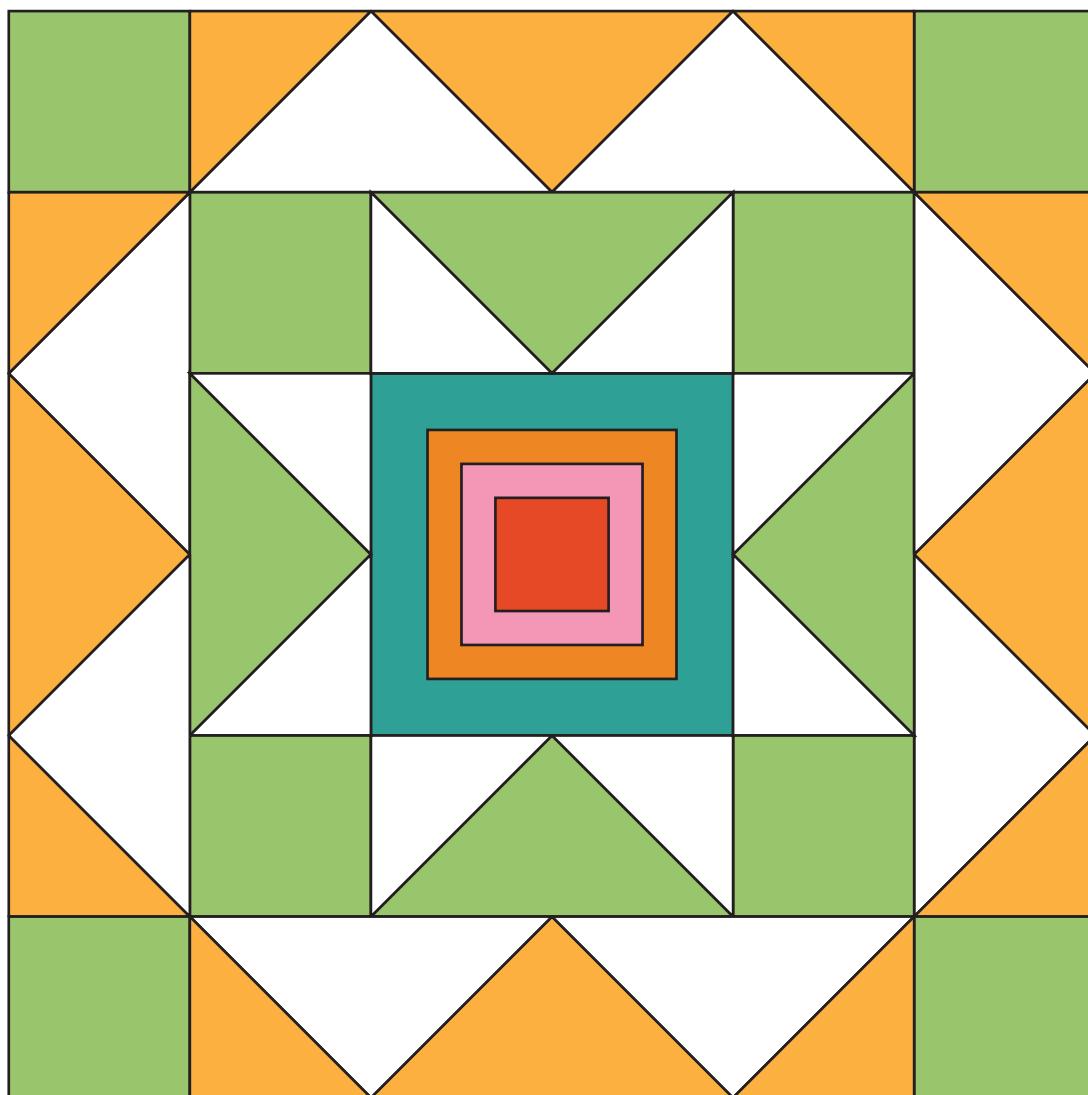

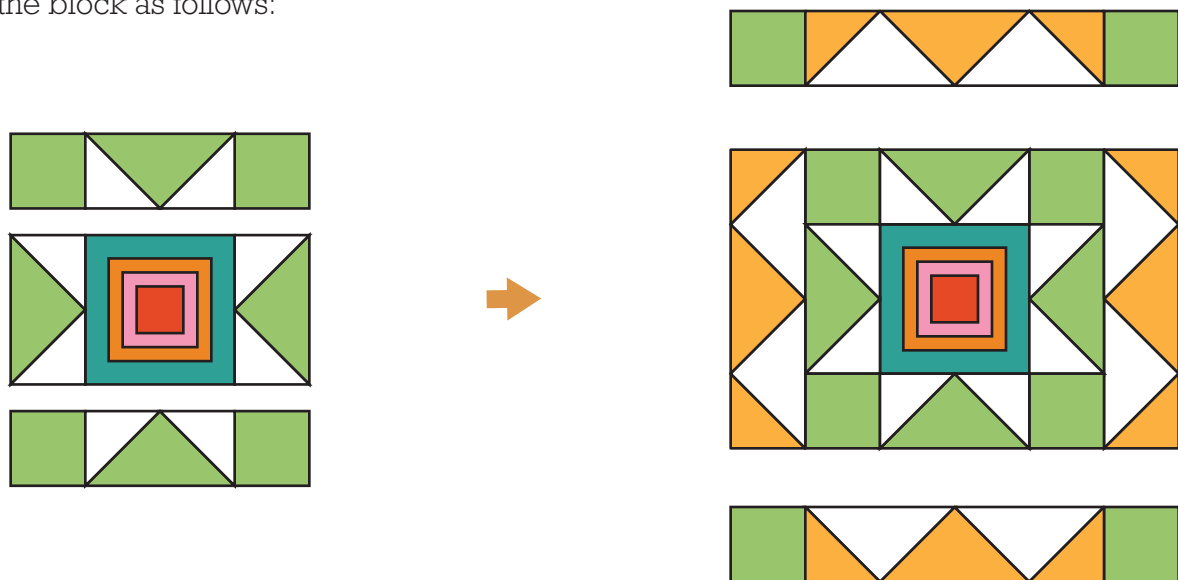

Piece one green square to each side of 2 of the edge strips.
