

the QUILTCAST mini swap

Welcome to the Quiltcast Mini Swap! We are excited to get to know you and enjoy each contributor's creativity! Here are a few housekeeping items and guidelines to help everything run smoothly:

This is a secret swap! That means, don't contact your partner or let them know who you are until they have received your package. Do your best clandestine research and make something you think they will love.

Please make a finished (quilted and bound) mini quilt for your partner, with measurements between 18" and 24". Please label your quilt with your name, you partner's name, date finished, and any other information you find pertinent.

The theme for this swap is "stars". Be creative! You may choose to piece a single star, lots of stars, use only fabric with stars on it...the possibilities are endless!

Packages must be shipped by Friday November 7th if your partner is international to you, and by November 14th if they share your same country.

Share your progress on social media using hashtag #quiltcastminiswap so we can all follow along and be inspired by each other!

To respect your partner's privacy, please ensure that any pictures you post of your project or packaging do not show their full name or address.

We are so happy you are joining us in this swap! Please let us know if you have any questions, concerns, or problems. Just email us at quiltcast@amyscreativeside.com

XOXO
